

Call for Paper & Speaker IKM-MRB SYMPOSIUM ON ELASTOMERS AND LATEXES (IMSEL 2025)

15 – 16 July 2025
Kuala Lumpur Convention Centre,
Kuala Lumpur, Malaysia

Institut Kimia Malaysia (IKM), in collaboration with the Malaysian Rubber Board (MRB), is jointly organising the IKM-MRB Symposium on Elastomers and Latexes (IMSEL 2025), an integral part of IUPAC 2025, under the grand theme "Chemistry for a Sustainable Future." This symposium showcases cutting-edge research and developments aimed at advancing sustainable rubber technologies. Our theme, "Advancing Sustainable Rubber Technologies for Tomorrow," focuses on innovative approaches to elastomer synthesis, emphasizing sustainability across the global rubber industry. Discover pioneering strategies in recycling, reuse, and the application of rubber technologies that contribute to a circular economy and environmental stewardship. Engage with industry leaders, researchers, and policymakers as we explore the role of elastomers in driving progress towards a more sustainable and resilient future. Join us for this insightful symposium and be part of the dynamic discussion on the future of rubber science and technology.

Theme:

Advancing Sustainable Natural and Synthetic Rubber
or Latexes Technologies for Tomorrow

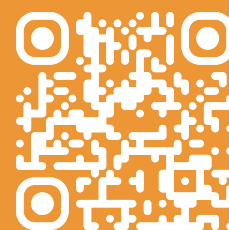

Scopes and Topics:

- 1 Green Synthesis of Rubber and Latex
- 2 Recycling and Reuse of Rubber and Latex Materials
- 3 Advanced Rubber and Latex Applications
- 4 Rubber and Latex Sustainability Metrics

Important Dates

Action	Deadline
Abstract Submission	31 March 2025
Notification of Acceptance	30 April 2025
Conference Date	15 – 16 July 2025
Powerpoint slide submission	30 June 2025

More information on
IMSEL 2025 is available
on the website:
<https://iupac2025.org/>

Symposium leaflet and
details of the conference
can be accessed on
the conference website.

Please submit your abstract via <https://iupac2025.org/>
before 31 March 2025. You may also register at the
same link and please select IMSEL 2025.

Please ensure to notify us about your registration
and submission of abstract / full paper at
IUPAC2025-IMSEL2025@igm.gov.my
We will issue an acceptance letter subsequently.

Publication Opportunities

Selected papers will be published in Journal of Rubber
Research (JRR) Special Issue. Deadline for full paper
submission of JRR SI is 30 September 2025.

“ We hope that you will accept our invitation to present the Invited Lecture/Oral/Poster Presentation at IMSEL 2025. We look forward to your active participation in IMSEL 2025 this July 2025. ”
