

IUPAC2025

Kuala Lumpur Convention Centre, Malaysia

53rd IUPAC General Assembly (53GA)

12th - 16th July 2025

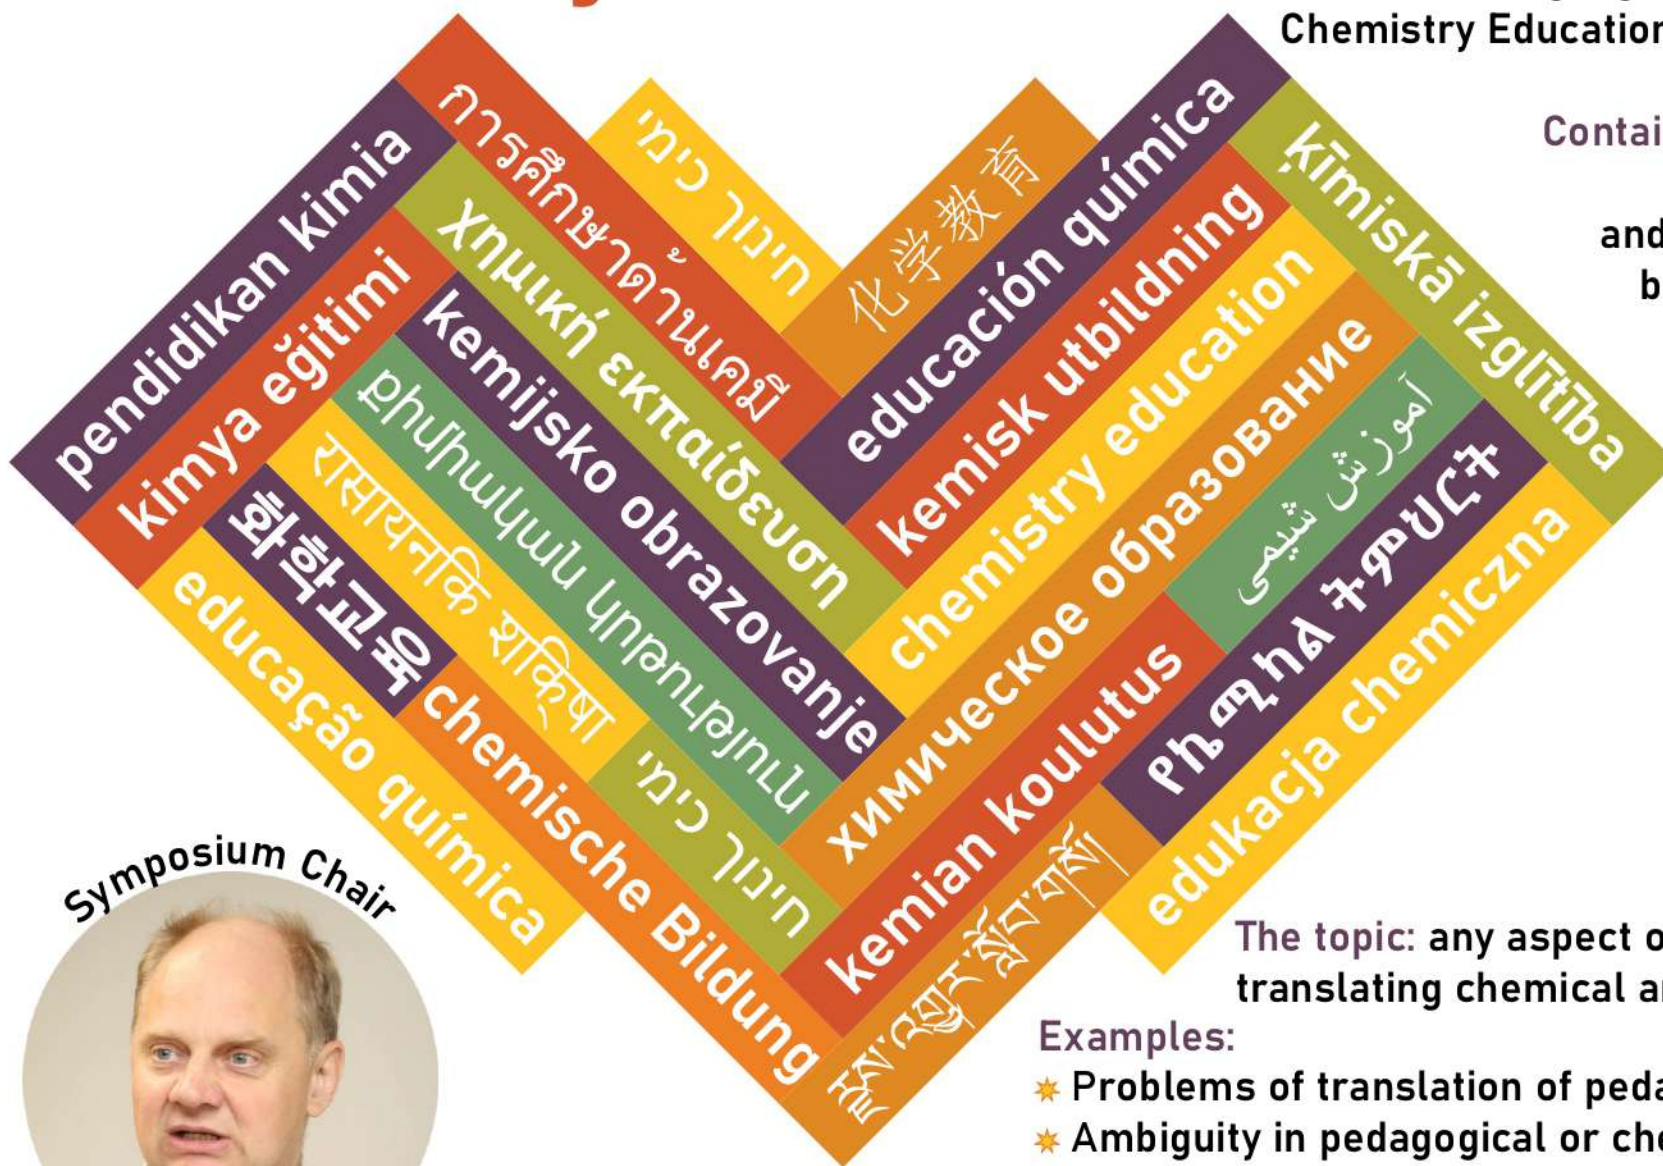

50th World Chemistry Congress (50WCC)

14th - 19th July 2025

Multilanguage Dictionary of terms in Chemistry Education

“Multi-language Dictionary of Terms in Chemistry Education” is the IUPAC project.

Contains definitions of terms
in different languages
and their correspondence
between the languages.

Symposium Chair

Dr. Denis Zhilin

Skolca Innovative School,
Moscow, Russia

The topic: any aspect of understanding and translating chemical and pedagogical terms.

Examples:

- ★ Problems of translation of pedagogical terms;
- ★ Ambiguity in pedagogical or chemical terms;
- ★ Understanding of pedagogical terms in your language;
- ★ Evolution of pedagogical terms in your language;
- ★ National pedagogic concepts and terms, that are unfamiliar for English-speaking audience

Submit your abstract by 31st March 2025!
