

# IUPAC2025

Kuala Lumpur Convention Centre, Malaysia

*Chemistry for Sustainable Future*

**53rd IUPAC General Assembly (53GA)**

**12th - 16th July 2025**

**50th World Chemistry Congress (50WCC)**

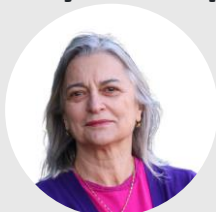

**14th - 19th July 2025**

## Sustainable Practices for Promoting Diversity in Chemistry

This symposium highlights evidence-based strategies to enhance diversity in chemistry education. Experts will share research, case studies, and policy insights on fostering inclusion, supporting underrepresented groups, and advancing gender equality in STEM.

Register and join us to explore sustainable solutions for a more equitable future in science education.

### Keynote Speaker

**Prof Dr Frances Separovic**  
University of Melbourne, Australia

### Chair

**Prof Emerita Mei-Hung Chiu**  
National Taiwan Normal University

Co-organised by:

ROYAL SOCIETY  
OF CHEMISTRY
